

Environmental Policy

Hysense Property Services is a multidisciplinary cleaning company specializing in commercial cleaning. We deliver a solution that is built based on the customer's specific needs, no site is too challenging and we thrive on sites where the customer is faced with difficulties and challenges whether it is budgetary, site specific or simply finding good honest help.

We are continually innovating to ensure that we provide the most efficient and cost-effective solution to our customers, all Hysense staff and work is done in-house so you are always talking to us.

Hysense Property Services is committed to:

- complying with relevant environmental legislation, appropriate industry guidelines, standards and requirements as specified by our clients and regulatory agencies
- striving for and implementing responsible work practices that minimise the impact on the environment and the prevention of pollution
- maintaining, measuring, reporting and reviewing measurable objectives and targets
- identifying environmental aspects and impacts of our activities which we can control and influence
- implementing, maintaining and continuously improving our Environmental Management System to enhance performance
- providing adequate resources to achieve the intent of this policy, objectives and targets and all elements of our Environmental Management System to the standard of AS/NZS ISO 14001:2016.
- evaluating the performance and effectiveness of our Environmental Management System

This Environmental Policy shall:

- be available as documented information and to interested parties as appropriate
- be communicated within Hysense Property Services

I commit Hysense Property Services activities, products and services to this policy.

Ash Halim

Managing Director, Hysense Property Services
